

Lecture 19

Goal: place more than 1 image in a Canvas.

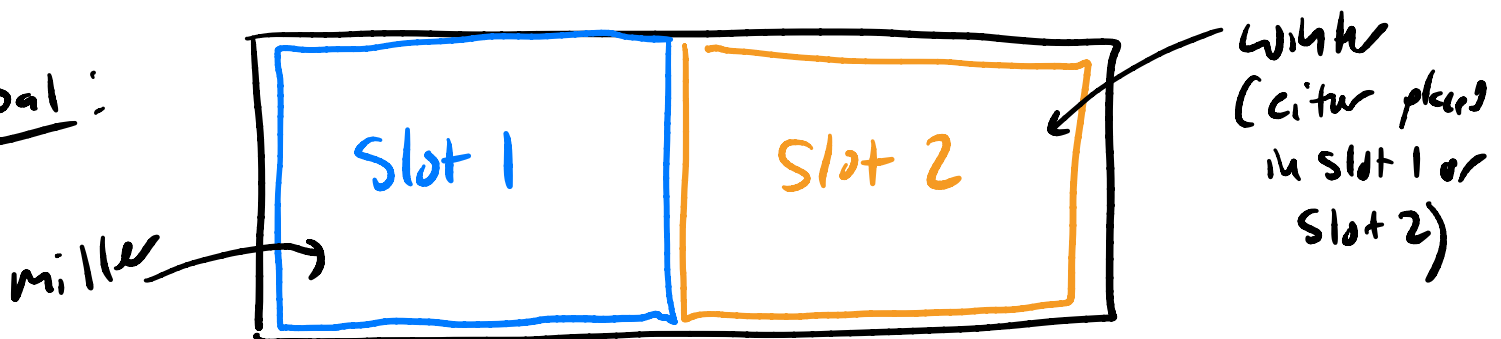

Today: side-by-side arrangement.

1) Create blank Canvas big enough to have miller + winter placed side-by-side

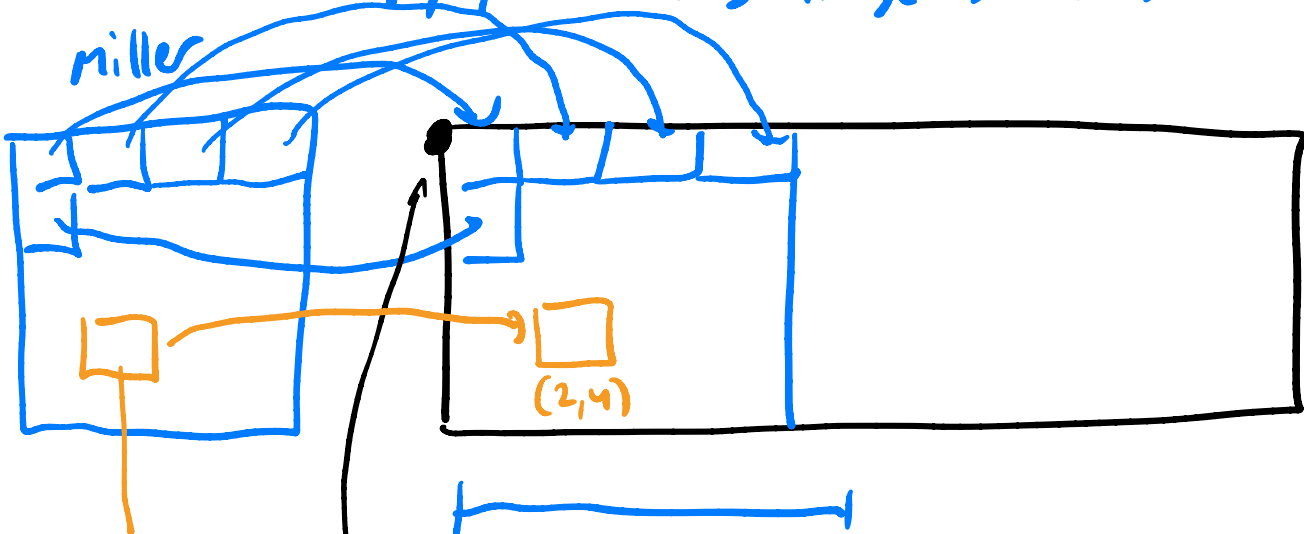

Goal:

2) Canvas starts out blank

★ Need to copy pixel values from desired image to either slot 1 or slot 2.

Copy pixel values image $\rightarrow$ Canvas

$$(x, y) = (2, 4)$$
 $(0,0)$

Slot 1

 w_1

 $(w_1, 0)$ $(w, t+1, 0)$

winter

 $(0,0)$

Miller

 $(\omega, 1)$

(0,1)

Slot 2

☆ Process for placing in slot 2 same as slot 1, but shifted in x by w_1 .
